SYSTEM FOR TABLES & SEATING

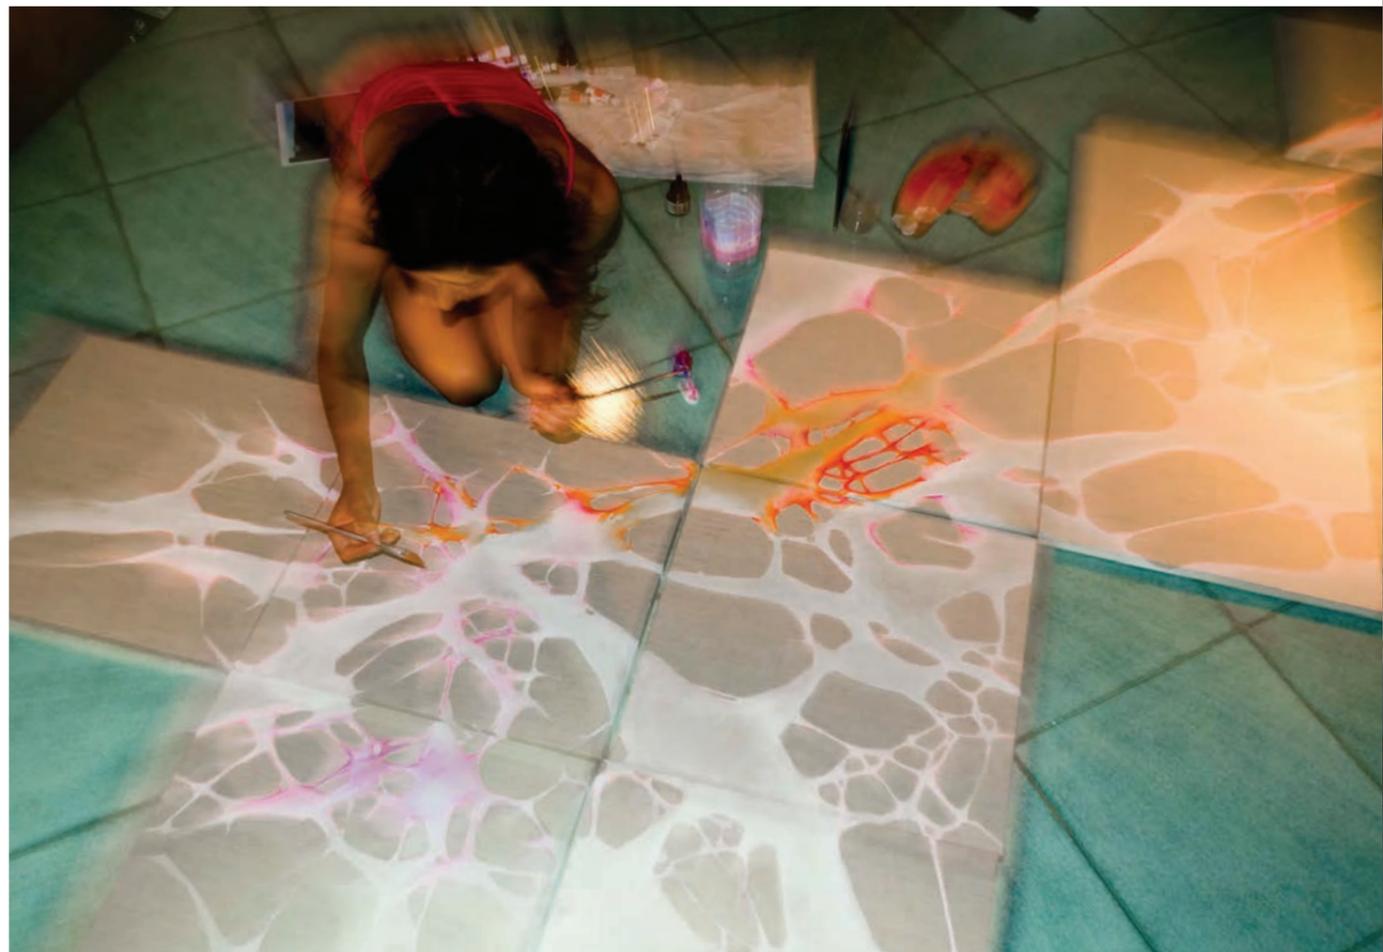

Mappe, percorsi, geologie, magma, la materia comunica, si confonde. L'incontro fra acciaio, pietra e colore cancella i confini in un corpo unico, senza frontiere.

Maps, paths, geology, magma, the material communicates, gets confused. The meeting between steel, stone and color erases the boundaries in a single body, without frontiers.

SYSTEM FOR TABLES & SEATING

Filo di fumo, opera dell'artista siciliana Sonia Giambrone, è un intarsio di fumo d'Etna, un filo d'aria, una traccia, un solco d'ombra, una porta attraverso cui guardare.

Filo di Fumo, by the Sicilian artist Sonia Giambrone, is an inlay of Etna's smoke, a thread of air, a trace, a furrow of shadow, a door through which to look.

SISTEMA PER TAVOLI & SEDUTE

Sistema modulare per tavoli o sedute, dalle dimensioni e dalle forme variabili (quadrato, rettangolo, cerchio). Il piano in pietra lavica è inciso grazie all'ausilio di macchine ad alta precisione. La trama è successivamente riempita di colore. I piedi in metallo sono un intreccio che rispecchia e semplifica le linee del tavolo.

Modular system for tables or chairs, with variable dimensions and shapes (square, rectangle, circle). The lava stone table top is engraved thanks to the use of high precision machines, which is then filled with color. The metal feet are a twist that reflects and simplifies the lines of the table.

SYSTEM FOR TABLES & SEATING

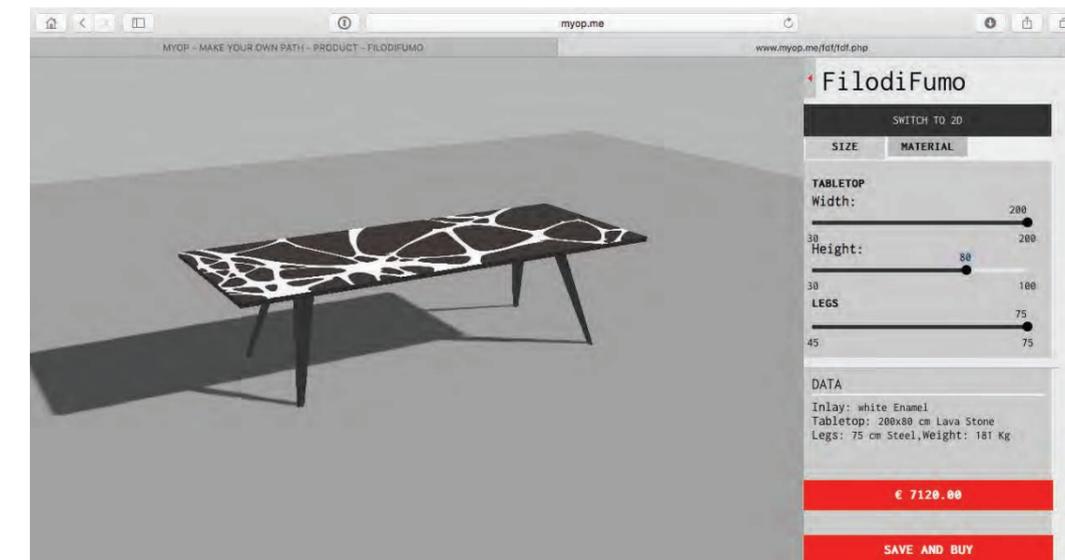

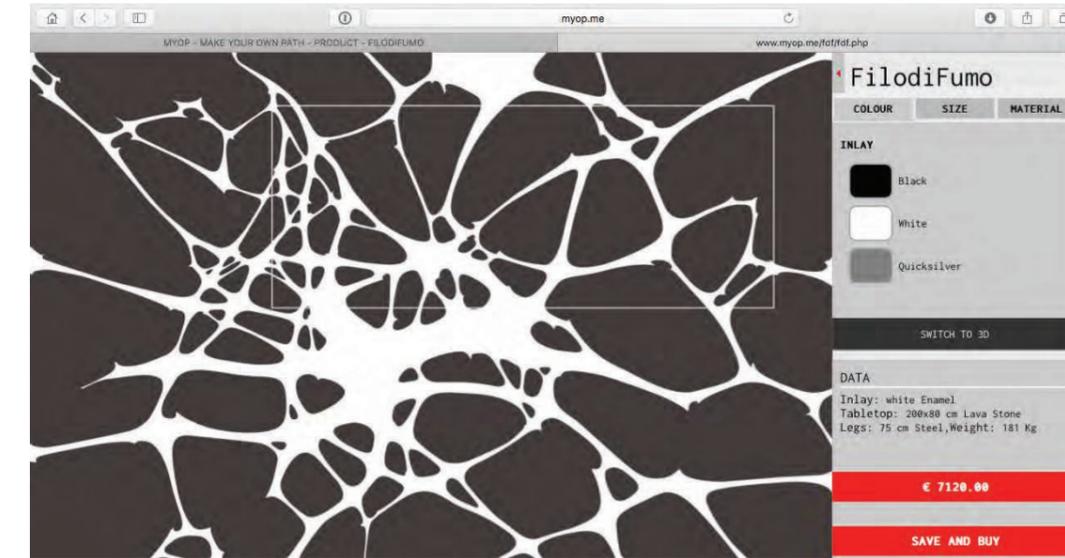

FilodiFumo è una metamorfosi, un'immagine solida, un paesaggio di pietra lavica, un intreccio sottile che ruota e riflette. Meridiani e paralleli s'incontrano.

FilodiFumo is a metamorphosis, a solid image, a lava stone's landscape, a subtle weave that rotates and reflects. Meridians and parallels meet.

SISTEMA PER TAVOLI & SEDUTE

FilodiFumo è personalizzabile grazie a un software-configuratore. Cambiando forma, inquadratura e colore della trama si sceglie il proprio punto di vista e Un Filo di Fumo diventa FilodiFumo.

PROGETTO: Riccardo Scibetta.

DISEGNO INTARSIO: Sonia Giambrone.

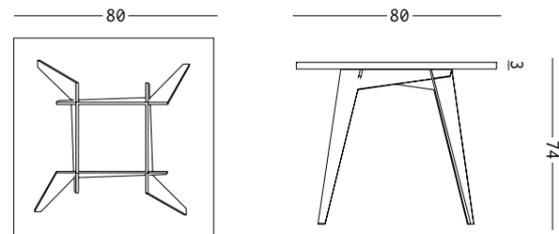

FilodiFumo can be customized thanks to a software-configurator. By changing the shape, framing the table and picking the color of the inlay design you can choose your point of view and a smoke thread becomes FilodiFumo.

PROJECT: Riccardo Scibetta.

INLAY DESIGN: Sonia Giambrone.
